

I am concerned about the FCC's proposal to expand LPFM stations, which could jeopardize my ability to receive my favorite radio station, K-Love 100.1 in San Diego County. K-Love is one of very few Christian radio stations in the area. It is uplifting and children can listen to it anytime without any concern of what they might hear. K-love provides a service that is in the public interest, an alternative to 90% of the other contemporary music programs. Please consider the effect on the local community if K-Love is displaced by an LPFM broadcaster. Thank you for your consideration.
